POLK'S PASS TO SANTA ANNA.

The Commander of our Naval forces in the  
Gulf is hereby directed not to obstruct the pas-  
sage of Gen. ANTONIO LOPEZ DE SANTA ANNA  
and suite to Mexico should he desire to return  
thither. JAMES K. POLK.  
May 15, 1846.

Polk's admission of having granted the pass.  
When orders were issued to the Comman-  
der of our Naval forces in the Gulf, on the 15th  
day of May last, only two days after the exist-  
ence of the war had been recognized by Con-  
gress, to place the coast of Mexico under  
blockade, he was directed not to obstruct the pas-  
sage of Santa Anna to Mexico should he return.  
Polk's Annual Message to Congress, Dec. 7, '46.

It remains to be seen whether his return may  
not yet prove favorable to a pacific adjustment  
of existing difficulties.—*Ibid.*

**ANOTHER WONDERFUL CURE!**  
PHILADELPHIA, April 9, 1846.

Last August a year, I caught a violent cold, in  
consequence of getting wet in a shower of rain. A  
circumstance so common gave me no immediate  
concern, supposing that I should soon get rid of it.  
On the contrary, however, I daily grew worse; a  
violent cough set in, the pain in my side and  
between my shoulders. I now suffered great op-  
pression from the great secretion of purulent mat-  
ter in my lungs. I became greatly alarmed; and  
my friends considered my situation extremely  
critical, the more so as loss of appetite, hectic  
fever, and night sweats rendered me as weak as  
a child, and at night the sweat literally poured off  
me! This was my condition when I commenced  
using "Thomson's Compound Syrup of Tar and  
Wood Naphtha." I procured one bottle, and ex-  
perienced so much benefit that I resolved to con-  
tinue it. It is now six months since I ceased using  
the medicine, and the cure remains perfect. I  
firmly believe this medicine is far superior to  
every other remedy for Consumption of the Lungs.

**RESTORATIVE FRANCAISE.**  
CONSUMPTION.

LOUIS FONTAINE, partner of the firm of  
Fountain & Son, Chemists and Prescription-  
ists to the Royal University of Paris, has established  
at Washington City, D. C., a depot for the sale of the  
above celebrated compound, at Wm. Adam's  
Bookstore, No. 3, Elliott's Buildings, Pennsylvania  
Avenue, near Jackson Hall, which they offer to  
the American public as a sure antidote for Con-  
sumption, in its advanced as well as incipient stages.  
Acting directly upon the LUNGS, and arresting their  
decay, it not only soothes and quiets at once the  
distress and pain attendant upon this hereto-  
fore regarded fatal disease, but restores the lungs  
and their sympathizing organs, to natural and healthy  
action. Accompanying each package are gen-  
eral instructions and directions (translated) for its  
use, adapted to all cases, and if strictly followed,  
will not fail, in every instance—if the lungs are  
not wholly consumed—of restoring to health  
which may be permanently secured by future care  
and avoiding too much exposure to atmospheric  
changes.

Price, eight Francs.

For the information of persons residing in  
the interior; any part of the government—no would  
state that the remedy is prepared and imported di-  
rect from their Laboratory, Paris, and that the  
same can be transported through mail, as he is ad-  
vised by officers of the Post Office Department; to  
any post office in the country, at the same charge  
as for a double letter. Any persons, therefore,  
residing distant from this city, who may wish to  
avail themselves of the remedy, can do so by ad-  
dressing him through the mail, post paid. Two  
dollars accompanying an order, will entitle a per-  
son to one whole and one third package.

**COLLETON BITTERS.**  
These Bitters are purely a vegetable com-  
pound, and are offered to the public from  
principle of benevolence, under the fullest con-  
viction that they will be found a safe and sovereign  
remedy for Dyspepsia. They have been triumph-  
antly tested, not only by some of the most re-  
spectable families and physicians in the State of  
South Carolina, who have furnished ample testi-  
mony as to their decided excellence, but also by the  
proprietor, who, for ten years, suffered all the gloom  
incident to that stubborn and distressing disease.

They possess the peculiar excellence, denied to  
most other Bitters, of not proving injurious by con-  
tinued use. They contain not a single deleterious  
ingredient, and, as seen from the directions which  
accompany each bottle, may be given with entire  
safety to an infant in the month.

With pleasure, and for the benefit of mankind, I  
send you a certificate relative to the Colleton Bit-  
ters.

In the year 1838, when the cholera was in  
Charleston, S. C., I was compelled to send a servant  
to the city. On his return, he was suddenly attack-  
ed with most violent pain in his bowels, so much so  
as to cause apprehension that he would expire in a  
short time. I immediately resorted to the Colleton Bitters, by giv-  
ing a wine glass full at a dose. In the course of a  
very short time it acted as an emetic, and throwing  
him at the same time into a profuse perspiration. I  
then continued to give it in small doses, from two to  
three tea spoonfuls, which resulted in a happy re-  
covery. Since then I have been using it constantly  
in my family, in cases of cholera morbus, cholera  
infantum, diarrhoea and general debility, and in  
every instance found it highly beneficial. Some  
constitutions, however, require much larger doses  
than others.

JOS. D. JENKINS.  
Briston, S. C., 1846.

It is with feelings of gratitude as well as pleasure  
that I take this method of giving my testimony of  
the great estimation which I entertain for your in-  
valuable compound. In justice not only to the me-  
dicine, but for the benefit of others who may be suf-  
fering from the same malady, Dyspepsia, with which  
I was for years afflicted, I feel it a duty incumbent  
on me to state that I am now restored to perfect  
health. When I commenced taking the Colleton  
Bitters it was as a last resort. My debility from in-  
digestion was so great that a cure was looked upon  
as almost hopeless. After taking it regularly and  
perseveringly for some time, my strength and di-  
gestive powers were entirely restored. I have never  
taken a single dose of any other medicine for more  
than five years past. I can now eat the richest food  
without any unpleasant feelings whatever. I have  
also used Colleton Bitters freely in my family for  
cholera a trinitic, cholera morbus, general debility,  
and as a tonic after fever, with great success. As a  
family medicine I deem it invaluable, and do con-  
scientiously recommend it.

**Dr. Christie's Galvanic Rings and Mag-  
netic Fluid.**

THIS remarkable invention, which has received  
the almost universal approbation of the medical  
profession of Great Britain, comprises an entirely  
new application of Galvanism, as a remedial ap-  
plication of means of which the ordinary Galvanic Batteries,  
Electric and Magnetic Machines, &c. are entirely  
dispensed with, and the mysterious power of Galvan-  
ism applied without any of the objections which are  
inseparable from the general mode now in use.

The Galvanic Rings have been used with entire  
success in all cases of rheumatism, acute or chronic,  
applying to the head, face, or limbs; gout, tic-dou-  
leux, toothache, bronchitis, vertigo, nervous or sick  
headache, indigestion, paralysis, palsy, epilepsy, fits,  
cramp, spitting of the heart, apoplexy, stiffness of  
the joints, spinal complaints, lumbago, neuralgia,  
nervous tremors, dizziness of the head, pain in the  
chest and side, general debility, deficiency of ner-  
vous and physical energy, and all nervous disorders.

In cases of confirmed dyspepsia, which is simply a  
nervous derangement of the digestive organs, they  
have been found equally successful. Their extra-  
ordinary effects upon the system must be witnessed  
to be believed, and as a certain preventive for the  
preceding complaints they are equally recommended.

The rings are of different prices, being made of all  
sizes, and of various ornamental patterns, and can  
be worn by the most delicate female without the  
slightest inconvenience. In fact, the sensation is ra-  
ther agreeable than otherwise.

THE GALVANIC BATTERIES, BRACETS, BANDS, GAR-  
MENTS, NECKLACES, &c. &c.—These articles are  
adapted to the waist, arms, wrists, limbs, ankles, or  
any part of the body with perfect convenience. The  
Galvanic Necklaces are used with greater benefit in  
cases of rheumatism or affections of the throat gener-  
ally; also, in cases of nervous deafness; and with  
almost uniform success as a preventive for apoplexy,  
epileptic fits, and similar complaints.

Christie's Magnetic Fluid is used in connexion  
with the Galvanic Rings, and all their modifications.  
This compound has been pronounced by the  
French Chemists to be one of the most extraordi-  
nary discoveries of modern science. Full explana-  
tions and directions accompany it. The combined  
inventions are in every way perfectly harmless; they  
are at prices within reach of all, and the discoverer  
only requests a fair trial, as a test of their surprising  
efficacy and permanent benefit.

CHRISTIE'S GALVANIC STRENGTHENING PLAS-  
TERS.—These articles form another valuable applica-  
tion of the mysterious influence of Galvanism. They  
are an important adjunct to the galvanic Galvanic  
Rings and their modifications, acting upon the same  
principle, but having the advantage of more local ap-  
plication. They are confidently recommended as a  
valuable addition in the speedy cure of rheumatism,  
acute or chronic; in all nervous complaints, and as a  
positive remedy in cases of pain and weakness in the  
chest or back, pain in the side, in asthmatic affections,  
and in weakness or oppression of the pulmonary or-  
gans. In spinal complaints their effects are of the  
most decided character, and they have often been  
used with complete success.
